

VA Hospital Serenity Garden

Cincinnati, OH

Project Stats	
Client:	
Location:	Cincinnati, OH
Year:	2020
Market:	Healthcare

The Veteran’s Serenity Garden will serve as the front door for the newly constructed VA Community Living Center, which provides services for dementia, short-term rehabilitation, long-term care, and hospice Veterans. The Serenity Garden will pay tribute to our veterans with a park-life environment incorporating professional landscape design, benches, and a public announcement system.

Bayer Becker provided civil engineering and landscape architecture services to the Cincinnati VA on this project. This project is currently in the fundraising phase.
