

Planner Project Manager

Experience Level: 5-10 years | Location: Cincinnati, OH

The planner project manager will support our Landscape Architecture + Planning (LAP) Department by providing research, design drawings, and presentation graphics, while assisting in the advancement of designs to help realize our Client's vision. A passion for design, an eagerness to learn, a collaborative spirit, and possessing exceptional communications skills are essential to be effective in this role.

Position Requirements

- Bachelor's or Master's Degree from an accredited institution with a degree in Planning
- Preferred proficiencies in the following:
 - AutoCad, Adobe Creative Suite, ArcMap, Sketchup, and hand graphics
- Demonstrated ability to create presentation graphics using computer and/or hand generated sketches

Position Qualifications

- Support multiple projects with deadlines in a fast-paced office environment
- Communicate effectively with clients and design team members
- Attend and contribute to public presentations on behalf of the design team and client
- Guide projects through the approval process for local jurisdictions
- Evaluate site conditions including infrastructure, access, environmental considerations, natural aspects, soils, and other factors impacting a site
- Interpret jurisdictional regulations and applying them to projects
- Translate ideas from sketches and written/verbal instruction into complete and accurate working plans
- Organize, prioritize, and independently perform work assignments
