

3D Visualization Specialist

Experience Level: 2-7 years | Location: Cincinnati, Ft Mitchell, Mason, or Oxford

We are currently seeking a mid-level 3D Visualization Specialist to join our conceptual design team. The ideal candidate will be excited to work with surveyors, planners, engineers, and landscape architects preparing 3D visual media for project visualization, building information modeling and virtual reality environments.

Position Responsibilities

- Prepare 3D visual media for project visualization and virtual reality environments
- Model 3D environments using real world data and scale
- Collaborate with multi-disciplinary design team members during conceptual pre-design phases
- Develop efficient workflows for 3D visualization
- Provide visualization support on a wide variety of fast pace design consulting projects

Position Requirements

- Associates or Bachelors degree in Graphic Design / 3D Modeling
- Two to five years of demonstrated experience with 3D animation and rendering software (NavisWorks, SketchUp, Infraworks, Revit, 3D Studio Max or similar products)
- Proficiency in Adobe Creative Suite (Illustrator, PremierPro, After Effects, Photoshop, or similar)
- Proficiency in photography, aerial imagery and videography
- Virtual / augmented reality
- Proficiency in geographic information system (GIS)
- Proficiency in point clouds, meshes, or digital terrains

Position Qualifications

- Highly creative with attention to detail
- Spatial awareness

Take The Next Step

If you are interested in joining the team, please e-mail a cover letter letting us know how you would complement our team, along with your resume to recruiting@bayerbecker.com
