City of Covington  
Housing Development Department  
2300 Madison Avenue  
Covington, Kentucky 41014

To whom it may concern:

I have had the pleasure of working with Bayer Becker on a number of surveying, development and design projects over the past several years. As an attorney practicing real estate law in Kentucky, I can appreciate their detailed knowledge of boundary and property issues, their awareness of state, local and government regulations, and their dedication to service. I believe they have the staff, knowledge and dedication to deliver all of the services outlined in the Housing Development Department's scope of services.

Currently, I am working with Chris Gephart and Allison Vollner on the final stages of the Saint Elizabeth Hospital project at 12<sup>th</sup> Street and I-75. As you are probably aware, this project involved the survey of several blocks of residential properties, street and right-of-way surveys, utility and topographic surveys as well as determining the location of a multitude of easements. Bayer Becker was always very responsive to our needs and provided all of the required documents to keep this high profile project on schedule. Their focus on quality, attention to detail, and ability to anticipate needs sets them apart from other local consulting firms. Please feel free to call me if you have any questions.

Very truly yours,

Joseph A. Cleves, Jr.
